## Profile

As a 2-year Computer Science student, I am eager to launch my career in Front-End development. I take pride in writing clean code and creating interactive designs that are precise down to the pixel. With experience in various programming languages such as JavaScript, Java, Scala, C++, MIPS Assembly, and OCaml, I have a diverse skillset. I am also an effective communicator and thrive in collaborative projects. It brings me joy to make designs that are user-friendly and accessible to all, regardless of the device they are using.

## Skills

- JavaScript
- Vue / React
- Redux
- RWD
- Git
- REST API
- HTTP / WebSocket
- JWT

## Education

09.2021 - 03.2025

- BSc, Applied Computer Science, Wrocław University of Science And Technology - Wrocław, Poland
  - Object-Oriented Programming - 2021
  - Algorithms and Data Structures - 2022
  - Computer networks - 2022
  - Effective programming techniques - 2022
  - Programming paradigms - 2022

## Languages

Russian: N

Native

Belarusian: N

Native
